FLiP®

Standard

All Panelled and Farmhouse (Excl. Belfy/ Belfry 3/ Pevero) door ranges as well as the Flush Seminole and Flush Vilamoura door styles are supplied with this glazing cassette.

Flat Grain

All Flush Augusta, Flush Augusta Long, Farmhouse Belfry, Farmhouse Pevero and all doors in the Monza II range are supplied with this glazing cassette.

Flat Stipple

All doors in the Enzo range are supplied with this glazing cassette.

Build Your Door
Step 2: Check sizes and choose your door and frame colour

MIN / MAX MEASUREMENTS

Refer to label on door style to check Min/Max measurements of door frame excluding any projection cills or frame extenders.

	Standard 80mm Outer Frame		Slim 65mm Outer Frame	
Category	Min Width	Max Width	Min Width	Max Width
A	859	1033	830	1004
B	881	1033	852	1004
C	839	1033	810	1004
D	849	1033	820	1004
E	851	1033	822	1004
F	805	1033	776	1004
G	451	569	422	540
H	879	1033	850	1004

Please note, on Open Out doors with a finger pull internally or Open In doors with finger pull externally, the minimum frame width increases:

- to 909mm (with 80mm Frame) or 880mm (with 65mm Frame) on the following door styles due to the glazing cassette: **Birkdale, Carnoustie, Penina, Riviera, Turnberry, Lytham, Gleneagles, Troon, Merion, Eaton, Knightsbridge, Tatton (Including all corresponding Grid designs)**
- to 825mm (with 80mm Frame) or 796mm (with 65mm Frame) on the following door styles: **Flush Vilamoura, Flush Augusta Centre, Flush Augusta Long Centre, and Flush Seminole 4 Centre**
- to 879mm (with 80mm Frame) or 850mm (with 65mm Frame) on **all other door styles.**

Reduced minimum widths available on some door styles using an alternative lock, speak to your installer for more details.

	Standard 80mm Outer Frame Head		Slim 65mm Outer Frame Head	
Threshold	Min Height	Max Height	Min Height	Max Height
Std 80mm PVC Threshold	2013	2213	1999	2199
Low 65mm PVC Threshold	1999	2199	1984	2184
Ali. Low Threshold	1968	2168	1954	2154

The above Min/Max Heights apply to both Composite Doors and Composite Side Panels excluding cills or frame extenders.

Please note, Ali. Low Threshold not available on Composite Side Panels.

See page 39 for frame / threshold details.

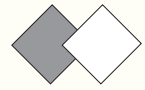
Key



External / Internal

*We do not recommend trying to match the White Ash outer frame colour with the White door colour, as they are significantly different in appearance.

**For black doors which require matching outer frames, we recommend using the Black Ash outer frame colour with the Black/ Brown door colour. The standard "Black" will not match.

Additional colours available upon request. Some colours may be special order depending on door opening direction and outerframe size. Frame colours may differ slightly from door colours.

DOOR COLOUR

The internal colour of your door can either be white or you can upgrade and match to the external colour.

PERFECT STAINING

Colours and stains achieved using foil technology allowing for seamless colour matching with coloured and stained door and window frames.

Irish Oak

Golden Oak

Rosewood

We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to the skin when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason. To ensure that you are getting the right colour on your door, you can request a colour booklet.

LOCKS

Kubu Ready

All door locks are Kubu ready as standard.

Our standard multipoint hook lock is supplied as default with Lever/Lever, Lever/Pad or Offset Lever/Lever Handles.

The NEW Autofire Slamshut lock is used with bar handle/escutcheon configurations.

For doors with bar handles, choose from the high-level or low-level lock position (see right). For doors with Pull Escutcheons/Finger Pulls inside and outside, the high-level lock position must be used. The Autofire lock can be used with Lever/Lever handles upon request.

Kubu®

Low-Level Autofire Lock

High-Level Autofire Lock

Low-Level Autofire Lock
(with Lever/Lever Handle)

Standard Multipoint Hook Lock

Presenting the NEW Autofire lock!
Comprised of independent latches that auto-engage when the door is shut. For added peace of mind and security, each latch is triggered independently unlike alternative lock options.

CYLINDERS

Yale Fortify 3* Cylinder

Supplied as standard with key entry on both the inside and outside. An internal thumbturn upgrade is available. All doors are supplied with 3 keys.

Keyed alike cylinders for multiple doors using the same key are available. Speak to your installer for more details.

The Yale Fortify 3 Star Cylinder is independently tested by BSI to be awarded the British Kitemarked TS007-1:2024 3 Star accreditation. All cylinders feature anti-snap, anti-pick, anti-plug extraction and anti-drill protection.

Images on this page represent popular and common letterplate positions (other positions may be available upon request). Letterplate positions 34 and 64 at the bottom of door may not be compatible with a drip bar on doors under a certain height. In some cases it may only be possible to fit one of either the letterplate and drip bar (please note it is highly recommended to have a drip bar on open in doors). Offset letterplate positions may not be compatible on doors with Bar Handles, due to having insufficient room for both to be operated freely. Speak to your installer for more details regarding availability.
