COMPOSITE DOORS

ORiGINAL

BY GALLERY 44

Dual Core Composite Doors

Carefully crafted with a focus on versatility. ORiGINAL offers an exceptional choice of designs and colours to suit every home. Insulating foam within its core delivers excellent thermal efficiency, whilst a robust timber sub frame and engineered LVL ensure outstanding strength, stability and long lasting weather resistance.

Be sure it's secure.

All of our doors are supplied Kubu ready. This smart and simple technology enables you to check the status of your door no matter where you are, at any time of the day, right from the Kubu app on your phone.

To find out more or to order Kubu products, please visit www.getkubu.com

Get notifications straight to your phone.

From any place in the world.

On all the homes you look after.

See the status of your door (locked/unlocked)

Yale Fortify 3* Cylinder

The Yale Fortify 3* locking cylinder is fitted as standard with every door. In the unlikely event that your cylinder is snapped under attack due to a forced break-in, Yale will give you £3,000 compensation for any distress and inconvenience caused.

Visit yalehome.co.uk/cylinder-guarantee to find out more information and how to register your cylinder for the guarantee with Yale.

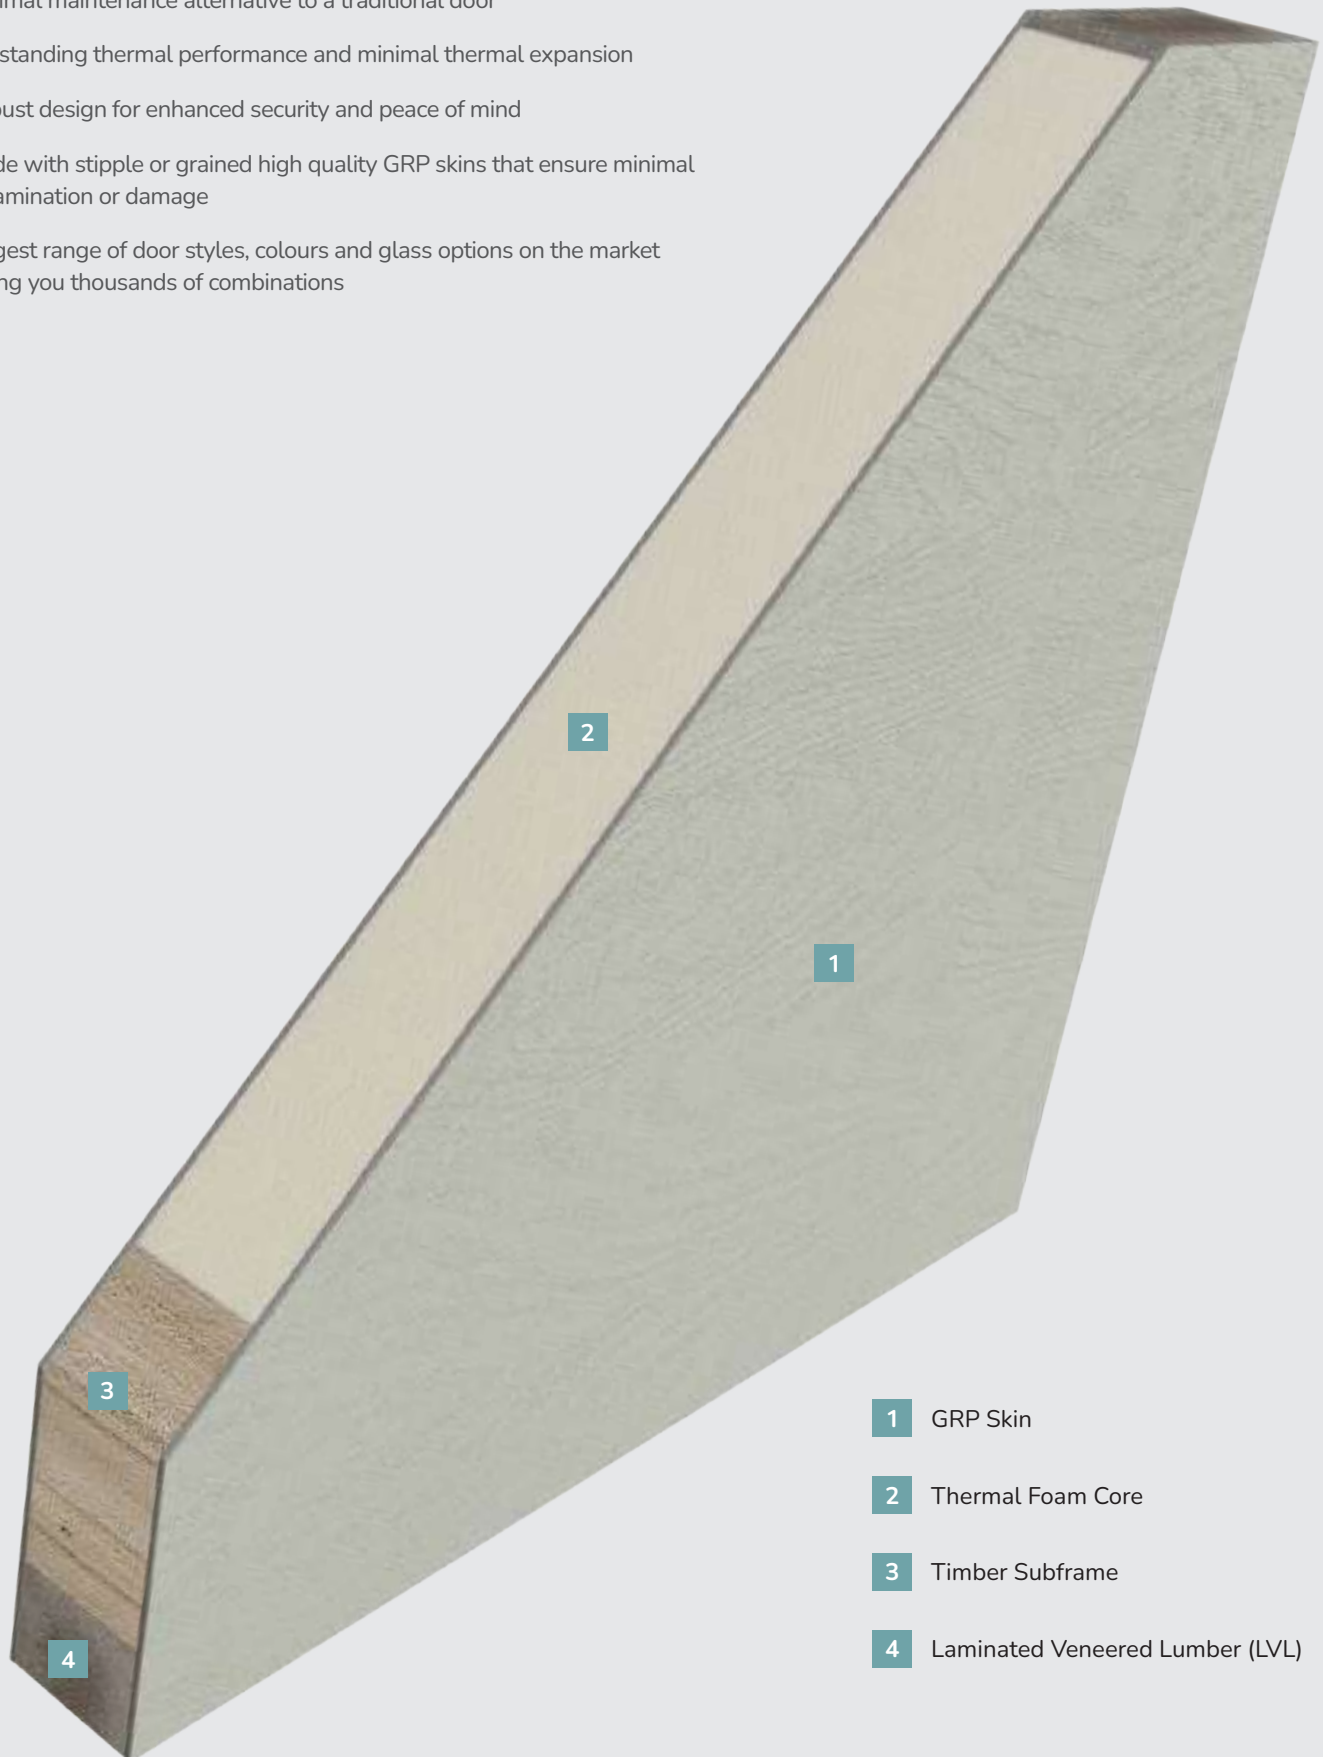

To register your guarantee with Yale, scan the QR below:

FEATURES AND BENEFITS

Thermally efficient by design...

- ORiGInAL offers significantly better U-Values than any other composite door counterparts on the market
- Minimal maintenance alternative to a traditional door
- Outstanding thermal performance and minimal thermal expansion
- Robust design for enhanced security and peace of mind
- Made with stipple or grained high quality GRP skins that ensure minimal delamination or damage
- Largest range of door styles, colours and glass options on the market giving you thousands of combinations

See page 30 for Min/Max Sizes

**Glazing also available to be positioned on the right hand side (If the door is hinged on the right hand side).

BUILD YOUR DOOR

Step 2: Check sizes and choose your door and frame colour

Min / Max Measurements

Refer to label on door style to check Min/Max measurements of door frame excluding any projection cills or frame extenders.

Category	Standard 80mm Outer Frame		Slim 65mm Outer Frame		Threshold	Standard 80mm Outer Frame Head		Slim 65mm Outer Frame Head	
	Min Width	Max Width	Min Width	Max Width		Min Heights	Max Heights	Min Heights	Max Heights
A	859	1033	830	1004	Std 80mm PVC Threshold	2031	2131	2017	2117
B	881	1033	852	1004	Low 65mm PVC Threshold	2017	2117	2002	2102
C	805	1033	776	1004	Ali. Low Threshold	1986	2086	1972	2072
D	451	471	422	442	The above Min/Max Heights apply to both Composite Doors and Composite Side Panels excluding cills or frame extenders. Please note, Ali. Low Threshold not available on Composite Side Panels. See page 39 for frame / threshold details.				
E	879	1033	830	1004					

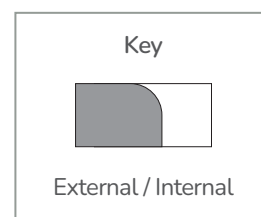

Please note, on Open Out doors with a finger pull internally or Open In doors with finger pull externally, the minimum frame width increases:

- to 909mm (with 80mm Frame) or 880mm (with 65mm Frame) on the following door styles due to the glazing cassette: **Birkdale, Carnoustie, Penina, Riviera, Turnberry, Lytham, Gleneagles, Troon** (Including all corresponding Grid designs)
- to 825mm (with 80mm Frame) or 796mm (with 65mm Frame) on the following door styles: **Flush Vilamoura, Flush Augusta Centre, Flush Augusta Long Centre, and Flush Seminole 4 Centre**
- to 879mm (with 80mm Frame) or 850mm (with 65mm Frame) on all other door styles. (St Andrews min width remains as 881mm (with 80mm frame) or 852mm (with 65mm frame))

Reduced minimum widths available on some door styles using an alternative lock, speak to your installer for more details.

Frame Colours

			
White/ White	White Ash/ White Ash*	Cream White/ White	Agate Grey/ White
			
Rosewood/ White	Rosewood/ Rosewood	Anthracite Grey/ White	Anthracite Grey/ Anthracite Grey
			
Golden Oak/ White	Golden Oak/ Golden Oak	Anthracite Grey Smooth/ White	Slate Grey/ White
			
Irish Oak/ White	Chartwell Green/ White	Black Ash/ White**	Black Ash/ Black Ash**

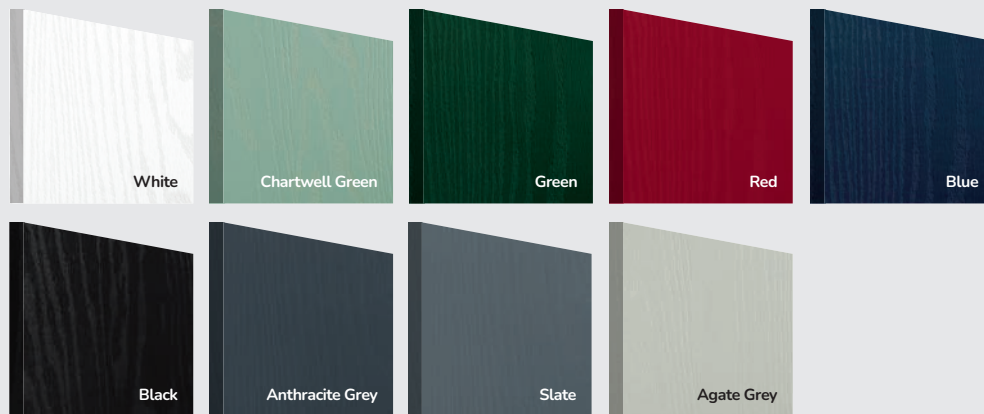

*We do not recommend trying to match the White Ash outer frame colour with the White door colour, as they are significantly different in appearance.

**For black doors which require matching outer frames, we recommend using the Black Ash outer frame colour with the Black/ Brown door colour. The standard "Black" will not match.

Additional colours available upon request. Some colours may be special order depending on door opening direction and outerframe size. Frame colours may differ slightly from door colours.

Standard Door Colours

The internal colour of your door can either be white or you can upgrade and match to the external colour.

Stained Door Colours

Golden Oak Irish Oak Rosewood

Premium Door Colours

With our high-performance paint technology, we can paint any RAL colour to meet your door needs.

Please note: Colours on this page are for illustrative purposes only as the final colour may differ from the paper print representation. To ensure you are getting the right colour for your door, you can request a colour booklet.

Hinges

Locks

Kubu Ready

All door locks are Kubu ready as standard.

Our standard multipoint hook lock is supplied as default with Lever/Lever, Lever/Pad or Offset Lever/Lever Handles.

The NEW Autofire Slamshut lock is used with bar handle/escutcheon configurations.

For doors with bar handles, choose from the high-level or low-level lock position (see right). For doors with Pull Escutcheons/ Finger Pulls inside and outside, the high-level lock position must be used. The Autofire lock can be used with Lever/Lever handles upon request.

Low-Level
Autofire Lock

Autofire Lock

Low-Level Autofire Lock
(with Lever/Lever Handle)

Standard Multipoint
Hook Lock

Presenting the NEW Autofire lock!

Comprised of independent latches that auto-engage when the door is shut. For added peace of mind and security, each latch is triggered independently unlike alternative lock options.

Cylinders

Yale Fortify 3* Cylinder

Supplied as standard with key entry on both the inside and outside. An internal thumbturn upgrade is available. All doors are supplied with 3 keys.

Keyed alike cylinders for multiple doors using the same key are available. Speak to your installer for more details.

The Yale Fortify 3 Star Cylinder is independently tested by BSI to be awarded the British Kitemarked TS007-1:2024 3 Star accreditation. All cylinders feature anti-snap, anti-pick, anti-plug extraction and anti-drill protection.

Images on this page represent popular and common letterplate positions (other positions may be available upon request). Letterplate positions 34 and 35 at the bottom of door may not be compatible with a drip bar on doors under a certain height. In some cases it may only be possible to fit one of either the letterplate and drip bar (please note it is highly recommended to have a drip bar on open in doors). Offset letterplate positions may not be compatible on doors with Bar Handles, due to having insufficient room for both to be operated freely. Speak to your installer for more details regarding availability.

GALLERY⁴⁴

All images portrayed in this brochure should not be reproduced without specific written permission from the original owner of the artwork. Images, designs and colours are for illustrative purposes only and may differ when manufactured. We reserve the right to amend or withdraw any products within this brochure without prior notice. Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason. To ensure that you are getting the right colour on your door, you can order colour swatches from your supplier.
