## WELCOME

Welcome to the most stylish, advanced and high-performing uPVC and Aluminium window and door range currently available in the UK market.

When it comes to selecting the best products to enhance and protect your home, you want to be sure you're making the right choice. Beautiful, stylish, expertly made, our collection made up of uPVC Flush, Sculptured and Chamfered Sash windows and doors, Composite doors, elegant Aluminium doors, and the stunning Residence Collection strikes the perfect balance between energy efficiency, security and design.

Our Windows, Doors and Conservatories are designed to offer superior aesthetics, operate smoothly, and are also built to last.

When it comes to installation, we've got you covered! Our installers have been rigorously trained, assessed and vetted to give you complete peace of mind, and ensure your project is completed to the very highest standards.

We hope this brochure gives you plenty of inspiration for your next home improvement project – and if you'd like any more information, please don't hesitate to give your Installer a call.

# uPVC TIMELESS FLUSH SASH WINDOWS

## PREMIUM FLUSH SASH TIMBER ALTERNATIVE

The Timeless FlushSash system is crafted from modern, weatherproof UPVC, which - unlike traditional timber windows - will never need sanding or repainting and will never rot, split or swell.

These low-maintenance windows will keep your home looking its best for years to come, with no more work than an occasional wipe with a damp cloth.

## AUTHENTIC STYLE

The newly unveiled Timeless FlushSash window is reminiscent of early 19th Century timber windows and is ideal for heritage homes, particularly in conservation areas where authentic

- ✓ Sleek slimline frames
- ✓ Traditional Ironmongery Options
- ✓ Dummy peg stay option
- ✓ Exquisite Georgian bar option
- ✓ Night vent facility
- ✓ High security handles and locks for your peace of mind
- ✓ Sealed unit for increased energy efficiency
- ✓ Double or triple glazing available
- ✓ Low maintenance uPVC frames
- ✓ Available in a wide range of hand-picked woodgrain finishes
- ✓ French Doors and Entrance Doors to match

## CHOOSE CLASSIC WELD OR OUR TRADITIONAL TIMELESS DETAIL

Unlike other flush systems, the Timeless FlushSash is available in two jointing options, Classic Welded joints and Timeless Detail, our Traditional Mechanical Joints.

The **Timeless Detail Mechanical Joint** is a traditional style mitred butt joint that is sealed in place, replicating a timber joint with meticulous detail.

**Classic Welds** give a contemporary and modern twist to this heritage style. The corners are precision welded so that the joint is seamless.

# LOGIK S FLUSH WINDOWS

Most of the windows you see when you look around are designed with either the popular chamfered or ovolo frames.

**Now, there's a third style to choose from– the flush sash frame.**

Like the name suggests, these windows offer a smooth, flush fitting appearance when closed, with no lip between the outer frame and the sash. The result is a modern, streamlined look when finished in Grey that's growing in popularity, especially in more modern home designs. For a more traditional timber look choose a woodgrain finish to perfectly complement the aesthetics of your property.

## THE FLUSH PROFILE THAT'S RAISING THE BAR IN WINDOW DESIGN

Logik Flush Sash is already transforming homes with its unique combination of sleek style, proven energy-efficiency, low maintenance and 10-year guarantee for complete peace of mind.

Why not find out for yourself how this flush new addition to the Logik family can make an outstanding difference to yours?

Logik S Flush Sash frames are available in a wide range of woodgrain colour finishes. In fact, they're so realistic, it's hard to tell from the kerbside that they're not actual wood frames.

## THE GREY REVOLUTION

**Our grey substrate option is a real 'game changer'**

Unlike most coloured frames which have a foil coating on top of the white uPVC, our grey substrate frames are the same colour all the way through. So even with the window open, there's no trace of white.

A great way to get the on trend all-grey aluminium look without paying the premium price of aluminium itself.

Our flush sash windows are from our successful Logik S range, so you can expect superb heat and noise insulation, security and strength as standard.

# INTRODUCING THE GALLERY<sup>44</sup> COMPOSITE DOOR

## COMPOSITE DOORS

Our Composite Door Collection is a complete range of thermally efficient composite doors manufactured to the highest quality standards.

Choose from 3 ranges; Traditional or Contemporary grained styles, or the new smooth Urban door which replicates aluminium styling.

We also offer doors with toplights and sidelights when required in either a matching composite side panel or glass options.

## MAKE AN ENTRANCE

Let your door really make an entrance by selecting stylish accessories. Handles can be fitted in either modern handle positions or choose a more traditional door pull fitted centrally together with the heritage lock position.

Stunning glazing options allow you to flood your hallway with light, compliment the colour of the door with coloured glass, or maintain your privacy by choosing a solid door panel.

No need to worry about heat loss either as our doors are well insulated and we only use the most energy efficient glass.

### Studio Glide Colour Collection

# PATIO DOORS

## THE NEW SYNCRO PATIO DOOR

### THE ALL NEW PATIO DOOR SYSTEM

This stunning new flush French Door design replicates the appearance of timber, but with no need for regular maintenance.

The flush design perfectly compliments both modern and traditional properties.

Choose from a stunning colour range to reflect your personal style and taste.

Market leading features make the Syncro door range the best choice for those seeking style and efficiency whilst also having great environmental credentials.

- ✓ More sustainable with frame composition made up of at least 40% PCW (post-consumer waste).
- ✓ Better thermal efficiency with U-values as low as 1.3 for double glazed units and 1.0 for triple glazed.
- ✓ Maximum width of 3.5m (2 pane), 2.5m high, for better scalability
- ✓ Triple as well as double glazing compatible for even better insulation.
- ✓ Grey substrate for the appearance of aluminium. (Unlike most coloured products which have a foiled colour on top of white, this product is grey throughout).

### Syncro® Patio Door Colour Collection

### Syncro® Patio Door Key Features

- Width of up to 3.5m available on 2 pane patio doors
- U.10 U-values as low as 1.0
- 10 Year guarantee for peace of mind
- Triple glazing compatible
- Choice of frame colours including grey substrate option

## DESIGNED TO COMBINE THE LATEST TECHNICAL INNOVATIONS WITH PEERLESS AESTHETICS

Choosing the right windows for your home is an important decision. An investment that makes a real difference to how warm and secure you feel; as well as changing the look of your property. This is why we have designed the Classic system from the ground up. Building on years of experience, we've incorporated many new innovative ideas; creating a warmer, slimmer and more secure window system. Designed for discerning homeowners that aren't willing to compromise, our windows are tailored to those who demand more for their home.

Built around an innovative Thermavic® multi-chamber thermal break, our windows use a patented construction method that offers unsurpassed levels of security. Creating windows that are strong and durable, yet with slim frames that maximise the light flooding into your home. Sheerline aluminium windows are also available in a wide range of colours, letting you express your home's character.

## WITH UNRIVALLED SECURITY BUILT INTO THE HEART OF EVERY WINDOW

The innovative construction of the Classic window system eliminates the need for separate glazing beads – often an area of weakness in traditional window design. Instead our patented corner jointing method securely locks the glass away within a completely sealed unit. This coupled with our high security multipoint locking and unique hinge protectors creates unparalleled levels of security. No window in its class is as secure.

All Sheerline windows carry PAS24:2016 enhanced security accreditation, so if you are looking for stylish aluminium windows with extra peace of mind as standard – then we have you covered.

# SHEERLINE PRESTIGE WINDOWS & DOORS

*Prestige*

## TRANSFORM YOUR HOME WITH OUR STYLISH ALUMINIUM WINDOWS AND DOORS

Choosing the right aluminium windows for your home is an important decision. An investment that makes a real difference to how warm and secure you feel, as well as improving the look of your property. That is why we have carefully designed the Prestige window and door system to combine stylish

looks with the latest technical innovation. Building on years of experience, we've incorporated many unique features to create an incredibly thermally efficient, secure system, with unparalleled aesthetic appeal, that's available in a wide range of colours.

Designed for discerning homeowners that aren't willing to compromise, the Prestige range is tailored for those who demand more for their homes.

Built around our innovative Thermavic® multi-chamber thermal break, we use a patented, strong and durable construction method, enabling us to hand tune each corner, ensuring every single window and door is finished to the highest standards.

Each Prestige installation is individually tailored to the exact requirements of your property. A range of different outer frame sizes accommodate different plaster lines and window reveals - ensuring a perfect, neat finish.

Our versatile 72 - 80mm wide system is available in casement, French and fixed windows and has been designed to be sympathetic to the modern trend for light, airy interiors. Using slim sashes allows more light to flood into your home, helping create that important sense of space and tranquillity.

## EXCEPTIONAL THERMAL PERFORMANCE COMBINED WITH REFINED LOOKS

Prestige combines aluminium's clean lines with exceptional thermal performance for up to an A+ Window Energy Rating.

Our innovative Thermavic® multi-chamber thermal design, hidden away inside each window and door, helps keep you and your property well insulated against the worst of the UK weather. This closed-cell, insulating chamber acts as a thermal break and works in conjunction with high performance glazing to create class leading thermal performance, far superior to traditional polyamide thermal breaks. Sheerline's cills also feature this same technology coupled with innovative in-built weather sealing keeping draughts and rain safely outside.

# uPVC SKY PODS

## Why choose Skypod

- ✓ Designed for superior performance
- ✓ A choice of frame and glass colours
- ✓ Cheaper than aluminium alternatives
- ✓ 10-year guarantee
- ✓ U-values as low as 1.0
- ✓ Self-cleaning, temperature controlled glass included as standard
- ✓ 20° or 35° fixed pitch

## A BRIGHT ADDITION TO YOUR HOME

Imagine creating a stylish new living space that's flooded with natural light.

Imagine an inspiring contemporary design feature that will not only enhance your lifestyle but add value to your home too.

Some would call it the 'wow' factor. **We call it Skypod.**

When it comes to design, Skypod is a breath of fresh air. Without any crestings or finials on the roof, you get clean lines and lots of natural light. It also increases the height of your room too. There's plenty of ways you can customise your ceiling windows to fit the look and feel you want for your home. You can choose between two bar or three bar gable pitched styles, plus a range of external frame colours. You can also choose clear, blue, bronze or neutral double-glazed glass.

### SKYPOD Colour Collection

# TIMBER ALTERNATIVE WINDOWS AND DOORS

## The perfect view from your home.

The Timber Alternative window system is designed to replicate 19th Century timber windows, but fuses traditional aesthetics with modern materials to create a window that is both elegant and energy efficient.

The perfectly flush exterior recreates a true timber alternative aesthetic, whilst the interior is stylishly decorative, creating a classic home feel. The modern material is virtually maintenance free; no painting or staining required. Cleaning your windows needs minimum effort meaning they look newer for longer, leaving you time to do more of the things you love.

## Superb performance Lower energy bills

Our Timber Alternative windows outperform many other window systems due to the combination of sophisticated design, innovation and technological advancements.

You can choose from highly efficient double or triple glazed units, attaining U-values of 0.8 with triple glazing, PassivHaus Standard, and 1.2 with double glazing, far surpassing the British Building Regulation requirements. All of this contributes to lower energy bills, keeping you cosy in the winter and cool in the summer.

**Timber Alternative windows are designed to suit properties from old to new and you can create them entirely to your own taste or to suit your property.**

We offer a huge variety of colours, hardware options, and features such as Georgian Bar and butt hinges, that will make your Residence 9 windows completely unique and add a touch of elegance to your home.

- ✓ Ideal for use in cottages, town houses and period properties
- ✓ Accommodates 28mm double or 48mm triple glazing
- ✓ Every window can be customised including style colour and hardware
- ✓ Mechanical joints for a truly authentic looking window
- ✓ Traditional range of colours and wood effect finishes

## THE SUSTAINABLE CHOICE

Made & Recycled in the UK

For many years, uPVC windows and doors have been recognised as the durable, low maintenance and energy efficient option. Now, thanks to recent advances in recycling, uPVC windows and doors are the first choice material for sustainability too. It means that choosing to buy your uPVC windows and doors from us is good for your home, your pocket and the environment.

### 'A+' rated for sustainability

Eurocell, which manufactures all of the uPVC components used in our windows and doors, is at the forefront of sustainable developments in the uPVC industry. The company recycles over 3 million waste window frames per year which would otherwise go to landfill. The material is used to manufacture brand new windows, for closed-loop material sustainability.

### Re-useable and recyclable for hundreds of years

Research has shown that 95% of 'post-consumer' or end-of-life uPVC windows can be recycled. The official product life for a uPVC window or door is up to 35 years (BRE) and they can be recycled up to 10 times meaning 350 years of re-use with minimal impact on the environment.

### Environmentally responsible component supplier

Eurocell, which manufactures all of the uPVC components used in our windows and doors, is at the forefront of sustainable developments in the uPVC industry. The company recycles waste window frames which would otherwise go to landfill. The material is used to manufacture brand new windows, for closed-loop material sustainability.

Our windows represent a genuine sustainable option. Not only because they help reduce CO2 emissions, but also because uPVC is a fully recyclable material. Each year, tens of thousands of tonnes of uPVC are recycled, minimising impact on landfill waste sites.
